

HELIOS ENERGY EUROPE

STATEMENT OF CONFORMITY

This document is to certify what follow:

Helios Energy Europe, SL manufactures the following photovoltaic modules

- The HEE215M family, monocrystalline 60 cells modules
- The HEE210U family, polycrystalline 60 cells modules
- The HEE120M family, monocrystalline 32 cells modules
- The HEE110U family, polycrystalline 32 cells modules
- The HEE215M Innovative family, monocrystalline 60 cells BIPV modules
- The HEE210U Innovative family, polycrystalline 60 cells BIPV modules

And all their references numbers conform to the requirements of the following directives, where applicable:

- NORM UNE-EN 61215:2006

Standards to which conformity is declared, where relevant, are as follows:

- EU DIRECTIVE 89 / 33 / EC⁽¹⁾
- EU DIRECTIVE 73 / 23 / EC⁽²⁾

(1) Amended by 93/68/EC and 91/263/EC

(2) Amended by 91/263/EC

and that the production process, from the furnishing and reception of the materials and the order receiving process, the in-process controls, Quality control of the processes, the products preservation and the traceability of manufactured modules, has been managed according to the criteria of ISO 9001:2000 and good manufacturing practices.
